BIZZ. TOOLS

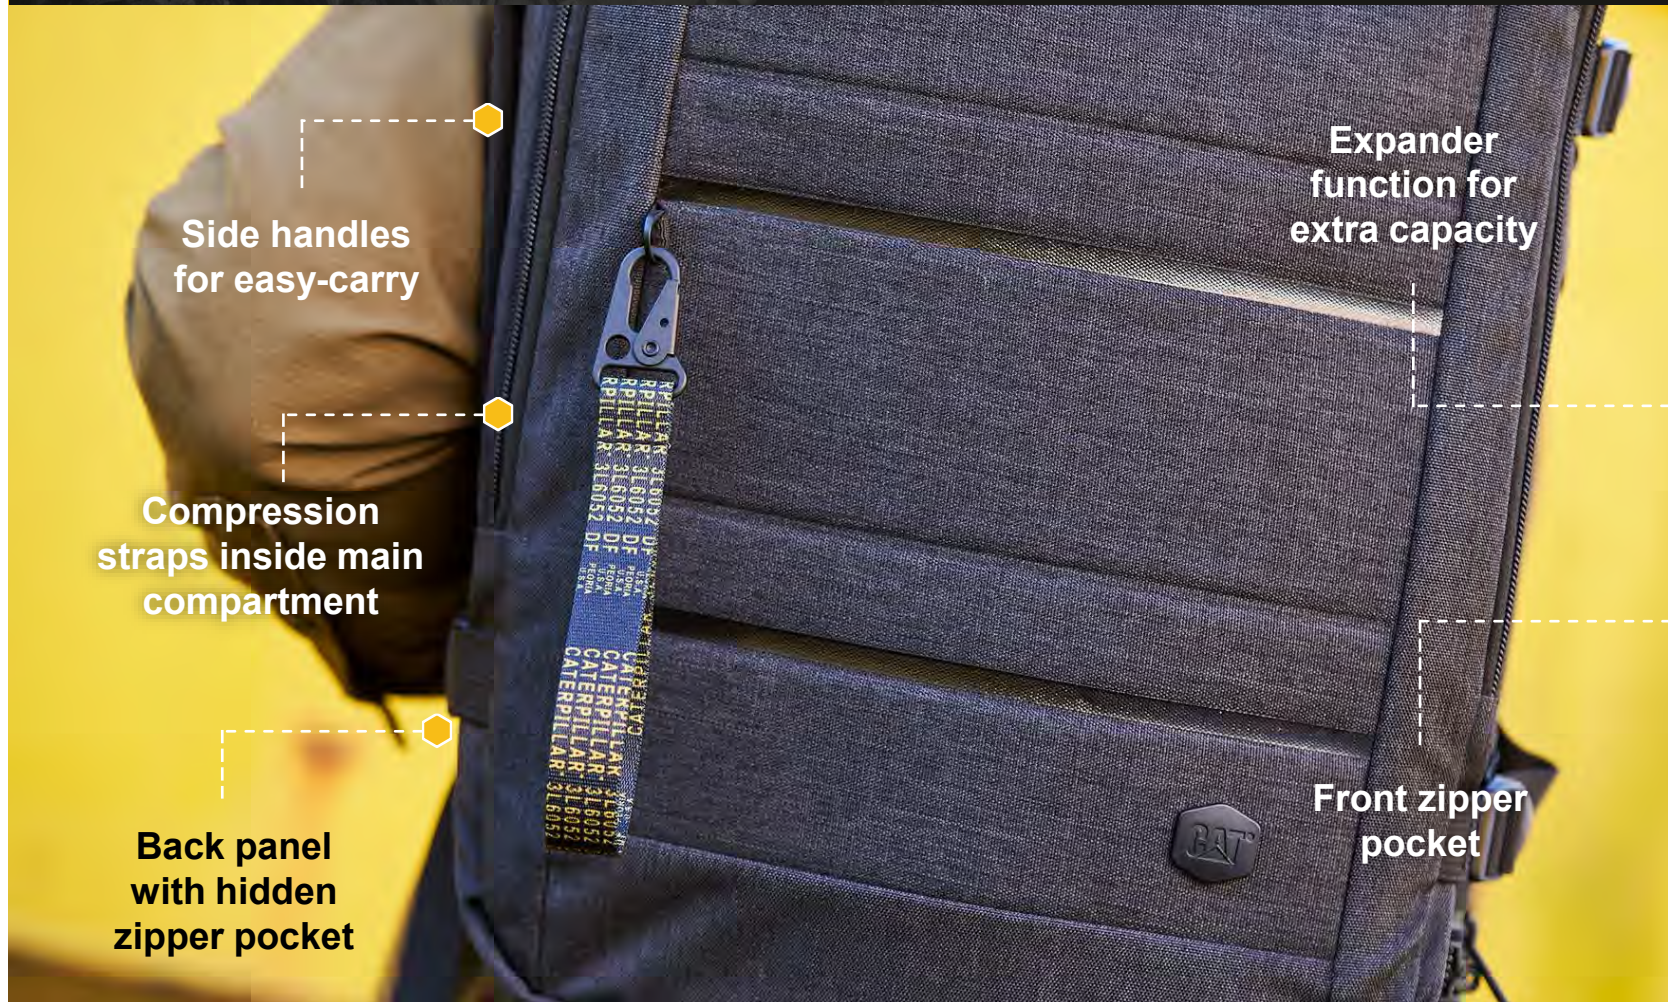

Introducing the Bizz Tools collection – highly functional bags designed for business professionals. The hexagonal metal logo and black trimmings evoke Cat® toughness, maintaining a discreet and professional look with a two-tone dark fabric. The Bizz Tools collection draws inspiration from Caterpillar's founder, Benjamin Holt, who was a true businessman and inventor who changed the world of earthmoving. Featuring a track-type system pattern on the front in EVA, accompanied by a shiny oil-looking stripe for ruggedness. Elevate your professional style with the Bizz Tools collection.

CITY ADVENTURE

City Adventure is our simple and practical on-the-go collection. This collection meets the demands of an everyday product with its many compartments. This collection has a discreet design without lacking the recognizable Caterpillar® details and is designed for when you are on the go. The body fabric derives from recycled PET bottles and thus provides a nice, durable and comfortable feel; the perfect companion for festivals, vacations, and of course City Adventures, whether you go with a smaller shoulder bag or backpack.

COOLER BAGS

The Cooler Bag collection has been created with the intention of keeping your beverages and foods cool using your preferred bag Cat® brand. This collection is solely produced in the durable 600D Polyester with insides covered in thermo-isolation to ensure the right temperature. The design stays true to the brand, keeping it to the recognizable black and yellow colors. All the coolers are equipped with an adjustable shoulder strap, making it easy to carry on the go and easy for individual adjusting.

CORE

With its water-resistant material this collection is suited for any weather condition and is ideal for a rainy day. The whole collection is produced in the same strong and durable material with a smooth finish. Though this collection is simple it does not compromise on the details, which is why you can also expect the highest quality possible. These bags are filled with details such as metal and plastic hardware and black trimmings. Each product in this collection has a recognizable tone-in-tone CAT logo in rubber.

MILLENNIAL CLASSIC

Rich with intuitive features and easy styling, the Millennial collection addresses this generation's lifestyle and is adaptable to the needs of all those who are young-at-heart. In spirit of the Cat® brand, these products have been developed to offer durability and value. Well-recognized by a huge fan base all over the world, Millennial is the bestselling Cat® Bags range. The main fabric of this collection is durable and strong 600D polyester with water-resistant backing. Strong and heavy-duty 1680D polyester with water-resistant backing reinforces the bottom panels and protects the content of the bag.

SIGNATURE

The Signature Collection by Caterpillar® celebrates the legacy of the Sixty tractor from 1925. It incorporates two distinctive features inspired by the Sixty: a front cross-section design reminiscent of the Sixty's front using Cat Bags & Luggage's visual identity strap, and the Cat® logo in corporate yellow subtly displayed behind a mesh panel, akin to a machine's front cooler panel. This collection combines various materials like ripstop and PU, giving a stylish and contemporary edge to Caterpillar's product line-up.

THE PROJECT

The Project began as a single backpack story; easy to bring and made to fit the Cat® brand of being strong, tough & reliable. Over the years the collection has grown with success with lots of additional small items such as a tablet, waist bag as well as a mini version of the backpack and more. The project is basically a no-nonsense collection with nice price points, that has proven to be extremely successful. A project that you can't miss at retail or throughout daily activities.

WALLET LINE

Our Wallet Line is created to be strong, tough and reliable. The Wallet Line is further designed to be timeless in style, having a clever architecture with room for smaller personal items, cash, credit cards and identification. Our wallets are produced in durable PU vegan leather, making it an attractive option for the modern person. To ensure the Caterpillar® DNA recognizable details have been implemented such as the recognizable Cat® logo, the Millennial Classic stitching is a repetition in some of our wallets.
