

CELEBRATE NATURE

AUTUMN/WINTER

2022

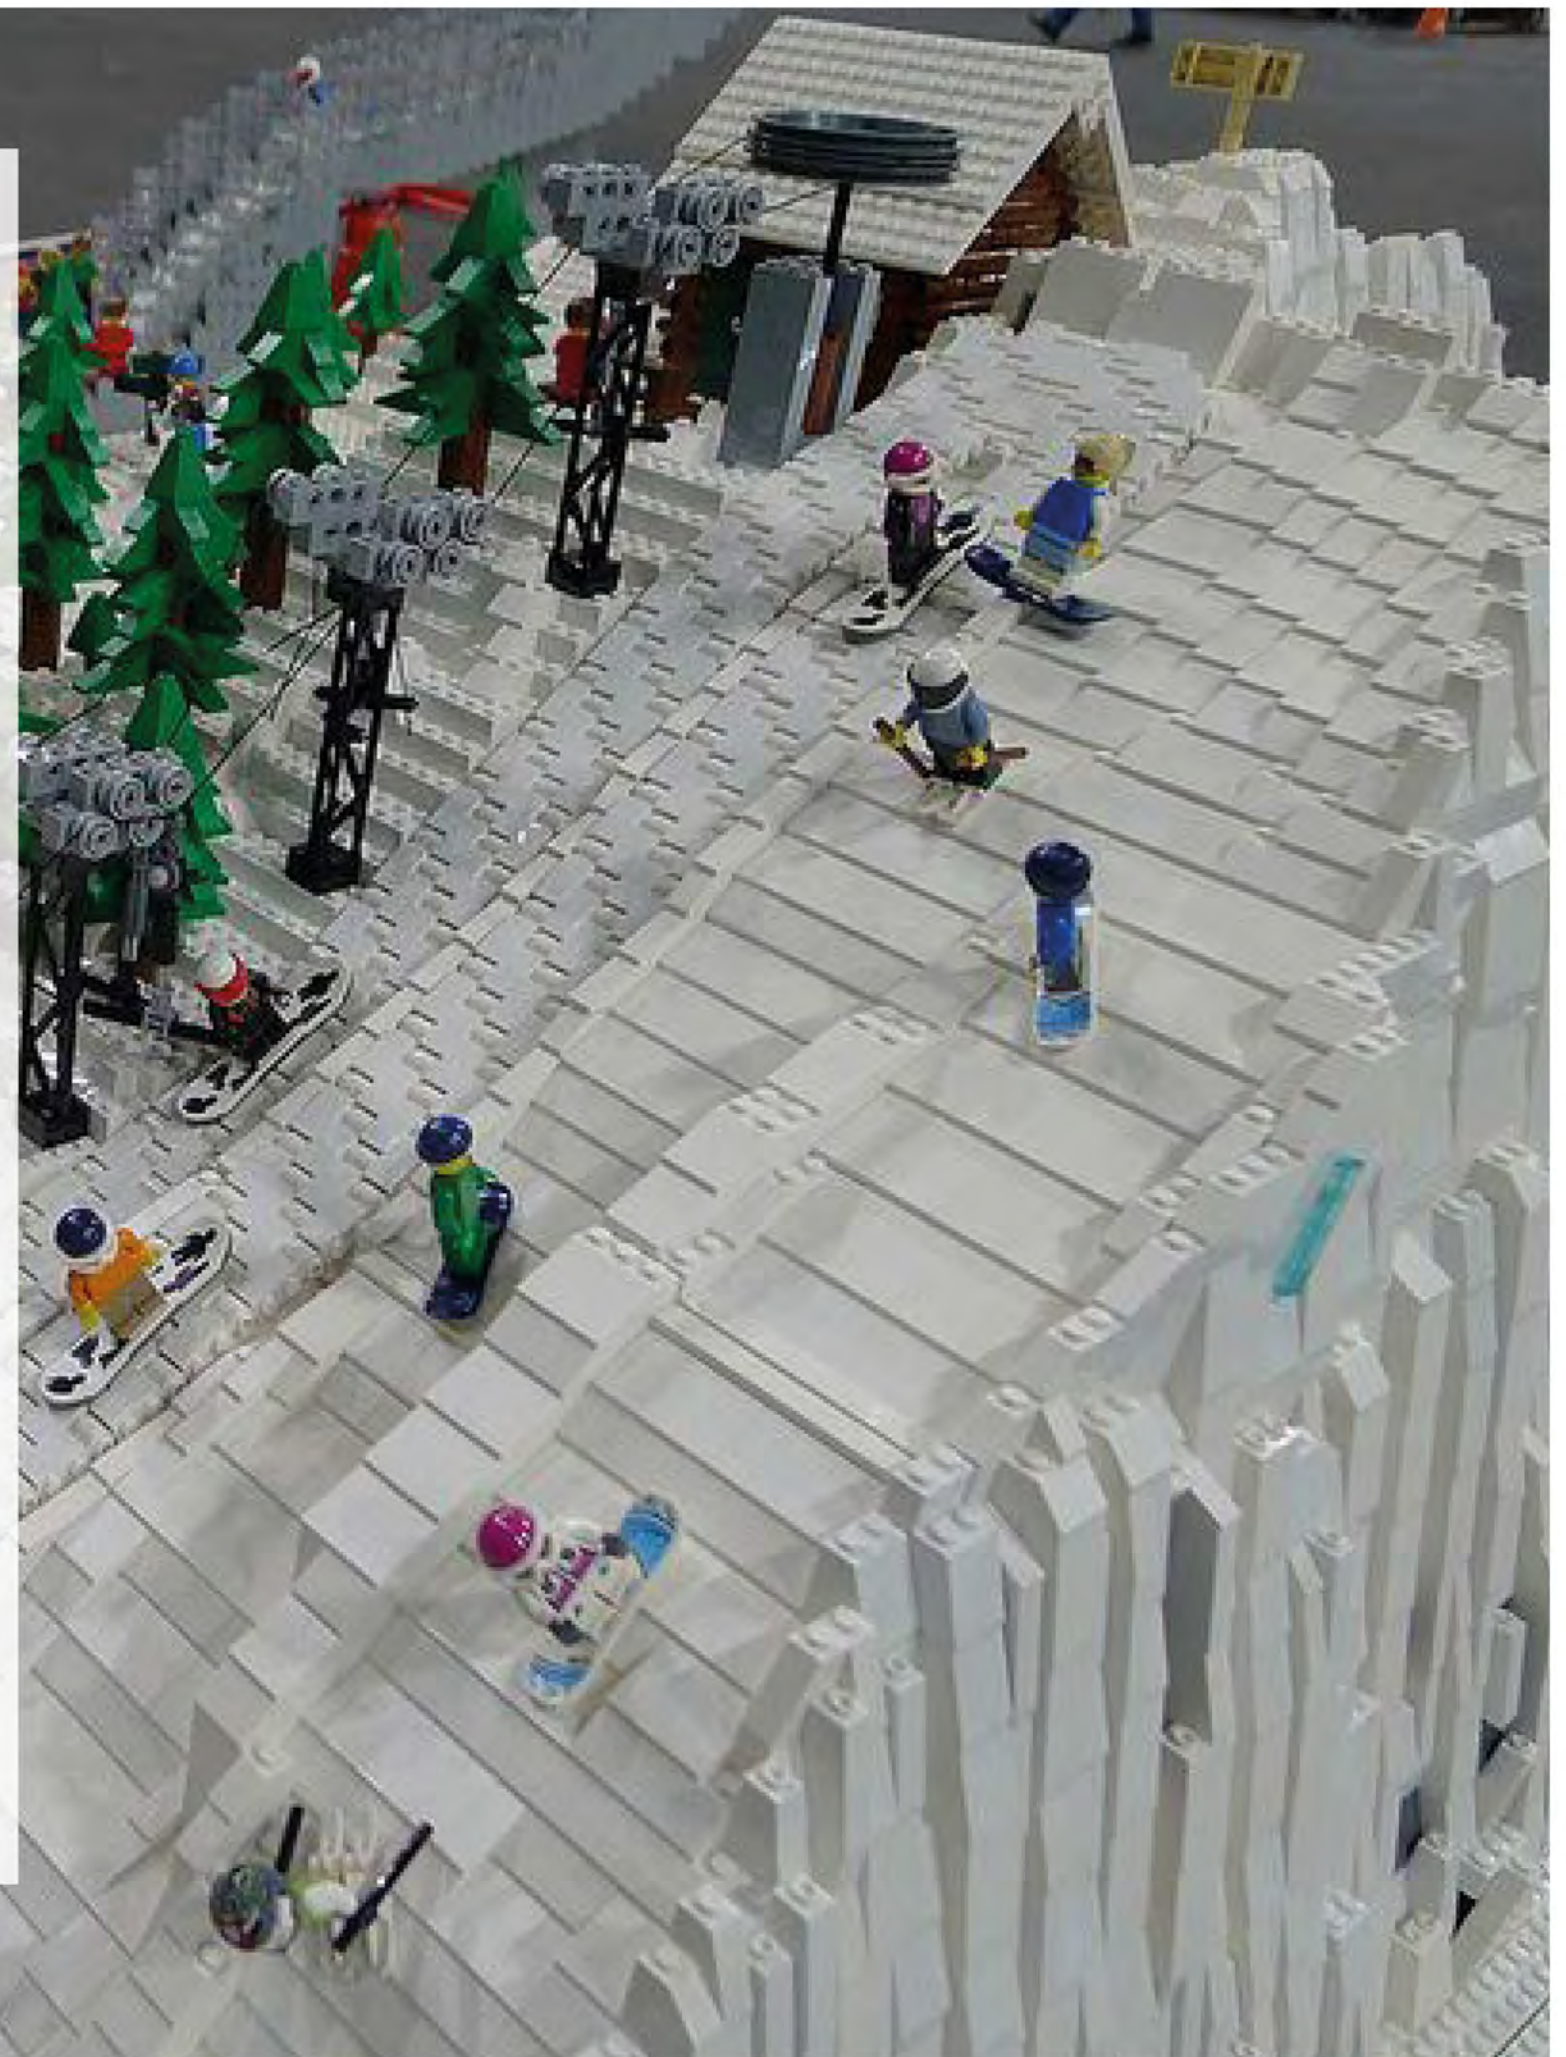

INTRO

This season is all about celebrating the wonder of nature.

We have found our inspiration for the colors and prints in the woods, mountains with all the wild life present there.

As something new there will be less styles divided into boys and girls styles, as we believe that we have to follow the tendency in the world and focus more on unisex styles.

The more Girly styles will still be present by colors and prints and a few girls shape styles.
