DYNACUBE

For your inner fidgeter

Long queues, waiting rooms...the clock ticks and tocks forever. Good thing you brought your Dynacube!

Endless variations for busy fingers. Once picked up, you will never want to put it down. The first geometrical shapes are easy... but what about the other 100?

BRAIN DICE

Finally a puzzle where you can win every roll!

Place all six dice randomly in their molded chambers, then turn the knobs until the combinations on all sides equals the number of pips on the dice.

Don't think it's worth the gamble? Well, it's not as dicey as you think. With literally thousands of numeric combinations, there is always a solution... all it takes it just one more roll.

ICOSOKU

Matching dots to numbers

Place the number tiles in random slots, then match the number of dots on all five intersecting triangles to each tile. All done, right? Not so fast. Now you can build your next challenge — simply swap a few number tiles and the game continues! Remember: a solution is always just around the next twist. With the perfect geometry of an icosahedron, Icosoku can be solved every single try!

Even Houdini needs your help!

The greatest escape artist of all is tied up — and he needs YOU to set him free! Slide the strings round and round the master himself, until you've wiggled him out of his 'chains'. But then, can you put him back in? (don't worry, Harry won't mind!)

BRAINSTRING ADVANCED

If you like Brainstring Original, you'll love Brainstring Advanced!

With 8 sides instead of 6 and 3 strings per side instead of 4, this Brainstring offers an even more confounding challenge! Make a knot, or straight lines, or makes patterns of your own with the nylon strings — holding the polycarbonate orb and grabbing the strings the ergonomic nubs is a joy for the brain AND your fingers!

MIKE HARMAN'S MATCH & PAIR

Based on the art of Mike Harman

Mike Harman is a truly original English artist born in 'the garden of England' Kent. He is also the creator of the Colour Buddy Concept and the 'Imagination Pictures'. His immensely unique artwork was the base for two new games: Match and Pair!

Pair!

Test your memory to the max!

This seemingly simple game goes one step further.

Merely eight identical pairs of square tiles to match must be child's play...right?

The one that started it all

The Pyraminx was created by scientist and inventor Uwe Meffert 52 years ago. One of the very first twisty puzzles, if not the first, and now the Pyraminx and Uwe are world famous! It's hard to beat a classic...the original Pyraminx.

PYRAMINX CRYSTAL

The original king of twisty puzzles, now in crystal!

Looking good at 52! Together with Professor Uwe Meffert, the inventor of the Pyraminx, we celebrate the Pyraminx's golden anniversary with our transparent crystal rendition of the original classic puzzle.
