Live in color

About

COPENHAGEN DESIGN Copenhagen design is a Danish “umbrella” company that primarily design, develop and produce high end Living products.

Among others, Copenhagen design develop products under the license of PANTONE made for the creative professionals, who already work with the pantone color system, or simply those who just loves to see the world more colorful.

Colors and shapes are important parameters in great design and with these as goals, COPENHAGEN DESIGN has launched a portfolio of dedicated and useful products that are designed to be used every day in the typical work life of creative professionals.

The products are split into the collections: MEET – WORK – MOVE and each product are designed to be joyful, yet practical and most of all to encourage everyone’s working life to be even more creative.

The designers

The PANTONE products by COPENHAGEN DESIGN are designed by two internationally renowned Danish designers: Søren Varming and Ulrik Nordentoft. Both have won several prizes for their designs, including the prestigious Red Dot Award and Best of the Best Design Award.

Søren Varming specializes in graphic design and has, amongst others, designed award-winning graphic identities for museums and leading international businesses. Ulrik Nordentoft works with product and interior design, and has designed several classics for acclaimed Danish design companies.

The result is a portfolio of functional products, which celebrate the joy of color.

Living

Colorful World

Life is colors. This is how we see the world at Pantone. And we experience the joy of working with colors every day.

Working professionally with colors, we recognise that no two people see colors in exactly the same way. In fact, it was with this insight in mind that we invented the PANTONE MATCHING SYSTEM® over 50 years ago.

Today, this is used daily all over the world, by art directors and designers to infuse their work with color – and ensure that their choice of color is true to their original idea.

Through the collection of PANTONE lifestyle products we want to share our love of colors and enable you to express yourself through colorful accessories like a coffee cup in vibrant yellow, a key chain in daring pink or a water bottle in classic dark blue. Whatever your vision, we are here to help you make it happen.

Reflecting this, creativity is at the heart of everything we do. First and foremost because color inspires creativity and creative professionals all over the world. So let's share the love of color and, together, make the world a more creative place.
